Starbucks is investing in robot coffee making machines and people order on the app. Yet, there are 2 Starbucks within a 3 mile radius from me. 1	Don't allow the city to become overcrowded	8/7/2020 8:00 AM
2	I would love to easily be able to recycle everything! Even cotton/clothes. I would even love to have a community compost site. This could be a at a designated community garden/food forest park. I know they have a food park in homestead called fruit and spice park but ours could be even more thorough! Once a month you could have city employees teach how to create your own food forest in your backyard placing plants that work together next to each other. I also think it would be cool to line some sidewalks with edible trees so everyone can harvest and have something to eat... Even the homeless. I know we are currently an Arbor City and green city but if we can up our hipster game that would be great! I hear Paris France has an amazing water treatment facility that uses uv light instead chlorine. Basically watch "down to earth" on Netflix. I would love for coconut creek to try some of these forward thinking ideas here!	8/1/2020 9:31 PM
3	I don't want Creek to become overcrowded like Coral Springs & Boca Raton. I moved here because it wasn't overcrowded and the taxes were reasonable.	7/15/2020 9:19 PM
4	Add new faces	7/7/2020 9:53 AM
5	Our country has grown and changed so much over the years with so many backgrounds, cultures, religions, races, etc. but we are all a part of the human race and a God love us all equally. This is why it is important to rid this country of systemic racism because we will never be great or get ahead unless we can achieve it together. In other words, when one or more groups of people suffer, we all suffer in the end and no one wins.	7/3/2020 7:12 PM
6	More active participation between the residents and the council. More community engagement. More police and resident activities	6/17/2020 5:35 PM
7	Coconut Creek is a warm and friendly community to live!	6/8/2020 9:21 AM
8	more development brings more people which requires more government to service the people.	6/4/2020 2:40 PM
9	When driving through the city, I compare many aspects to the city of Coral Springs. In CS, I don't see much vacant spaces as we have here, like on CC Pkwy and Hillsboro; CS has many restaurants to choose from, and I usually find myself going there to go out to a nice dinner - why can't we bring in more places like that to our city? We should work towards more artwalk-type spaces, more open green spaces along Lyons road that showcase how parks-friendly the city is. I think the additional of Chic-fil-a was a great move - something like that at the south end of the city would be great. More public gathering places would be great. We need more places that our kids can walk to as an afternoon hang out, such as ice cream shops, etc. An entertainment district would be nice, such as the bandshell at the CCCC, but more kid-friendly, more music for the younger generation, so our kids can enjoy their weekends in their city near their homes. Almost everything I get involved in is happening at the north end of the city - it's like the south end of CC is shunned because of it's location. We need to work towards changing that. I don't hear anyone saying "north springs" or "north margate"...we are all one community and pay our taxes for one purpose - to live in a better city overall.	6/3/2020 1:56 PM
10	There are a number of gated communities that still suffer from blind access points. these should be eliminated. More gated communities should be developed, as opposed to low rent apartment buildings.	5/7/2020 9:54 AM
11	I think people are prepared to move out if the city goes downhill. Parkland and West Boca are not that far of a move. Don't add housing just for the sake of adding housing. Don't add a bunch of low income apartment communities.	5/6/2020 3:47 PM
12	Everything done so far is wonderful, keep up the good work just please focus and expediting	4/25/2020 5:08 AM

17	N/A	3/27/2020 7:06 AM
18	Lower the amount of rental apartments, they look good now when they are new but after some years pass they start to lose nice appearance. We have several right now that use to be really nice and kept like Monarch station and Solaire, if you drive around the City you will notice that the older apartment buildings are not kept up.	3/27/2020 3:42 AM
19	Rental communities increase crimes. Many times they jump the fence into gated neighborhood and steal	3/27/2020 3:29 AM
20	We have made many positive changes for which we thank you. Only wish that we were able to have the tree lined streets as in the original plan for South Creek. Giving the residents a choice if they wanted trees put on their property, is a mistake (it is public easement). Just do it. Now new neighbors have moved in and want those trees. What a beautiful sight 3rd Court would have been if lined by trees as you had planned. The trees look so great, except for the gaps where people turned down trees. Many of those people are no longer in the area. Please give them the option to make our city more beautiful.	3/26/2020 8:39 PM
21	I really enjoy living in this city and would love to stay here long term. My daughter will be 14 in 2030 and I would want this to be a safe and comforting community for her to thrive in and enjoy. Think about the growing families and what those families need (good schools, great amenities, culture and safety) to stay in this area.	3/26/2020 7:05 PM
22	Keep as many possible open parks and green areas	3/26/2020 6:56 PM
23	Surveys like this could be helpful.	3/26/2020 5:52 PM
24	Improve auto congestion by providing for alternate transportation	3/26/2020 4:25 PM
25	I think it's important that the city does not grow too large. One of its attractive qualities is it's small town flavor. Over building, the way that Coral Springs is doing, will destroy that feeling. I believe it will also destroy that balance the city has with regard to safety and standards. Coconut creek is a sweet city that is family friendly and affordable. Seniors are very welcome too:)	3/26/2020 3:25 PM
26	Please keep taxpayers in mind. Thanks.	3/26/2020 3:12 PM
27	Stay being ourself Coconut Creek...we are a unique city, want to stay that way and just be us	3/25/2020 3:33 PM
28	It takes me 30 minutes to go from palmetto and military to Hillsboro and 43rd at 5:30 pm on any given weekday. Getting off at Hillsboro is impossible at this time of day because westbound traffic blocks the off ramp due to trim rail (I am ok with this) and the several red lights leading up to power line which are annoying.	3/24/2020 7:36 PM
29	Please stick with the vision. Being green was a part of the last vision and then the recycling program was revised to save money.	3/24/2020 7:14 PM

development. Now if the time to prepare for not just the next 10 years, but really the next 50 in south Florida. There are many unique challenges to living in south florida, we must prepare for how these will affect us in the future.

35	My family loves Coconut Creek!!	3/21/2020 6:28 PM
36	Nice to see the presence of law enforcement in the area.	3/21/2020 5:53 PM
37	An idea of a small outdoor exercise location on hilton road/ nature walk (winston park nat cent.). Dip, parallel, pullup bars, stair steps, etc. I run/bike through here a lot and see people almost everytime. Its a nice private spot to get some outside exercise in on that routine jog. Peaceful location away from the busy roads.	3/21/2020 5:48 PM
38	Keep up the resident communication however more information released before a development is settled on. It seems the residents at large are the last to be informed. Traffic on Coconut Creek Pwy to get into Publix is hazardous and Banks Road south end traffic flow.	3/21/2020 8:45 AM
39	We are building too many commercial sites. New residential communities are too dense. Even with improvements infrastructure overwhelmed by growth.	3/21/2020 5:38 AM
40	Coconut Creek is a beautiful place. Let's make it more beautiful throughout the whole city, where there are no ugly areas. It should be as beautiful, if not more beautiful than Parkland.	3/20/2020 6:37 PM

51	The underlying demographics are changing. I'm in north creek and my neighborhood was mostly baby boomers 10 years ago. Now it's mostly very young families, with one or more children under 5. The projections should account for even more of this as CC is seen as one of the last bastions of affordable family friendly areas in Broward	3/16/2020 12:01 PM

55	keep up the great work	3/16/2020 6:11 AM
56	As I go to meeting and hear older people rallying for pickleball, there is little input from our youth and young adult. Art, culture, tech and action sports are missing for this next generation. A skatepark was built years ago but portly planned so it attracted the wrong people. Because of this mistake in planning and programming the city was left with a bad taste but it is critical to bring in Science, Technology, engineering, arts, and math plus outlets like Action Sports and music facilities that continue to grow as an interest for our youth. We must also drive tech and small innovative business, health programs for young adults and families of teens, etc. Catering only to an older population for a plan to be launched ten years from now is poor planning. We should be asking older elementary, middle schoolers and high schoolers to get involved, give their input and help inspire. We should be looking to the success of surrounding cities to cater to this age group.	3/15/2020 11:15 PM

75	Please help to improve Coconut Creek public schools. Weston, as an example, has schools to boast about. Why can't we be like that? Coconut Creek high school is terrible and Coconut Creek Elementary looks like it needs so much help.	3/13/2020 7:20 PM

78	Stop relying on demographics. The first step in an all inclusive city is to stop putting people into categories.	3/13/2020 1:22 PM
79	Keep our town quaint and don't grow to be all about tourism. Our families need a sanctuary to raise their families in an environment where they appreciate and care for a town they are proud to live in.	3/13/2020 7:37 AM
80	Make it easier to reach out to small businesses in our own community. I would prefer to support local businesses.	3/13/2020 6:36 AM
81	Plan for helping residents in times of distress. (Hurricanes, Viruses, fires, etc.) Put forward thinking contingency plans in place if the county or state cannot assist. Continue to invest in police force. I called 3x since I have loved here. There is a phenomenal response time and people should know this.	3/13/2020 4:39 AM
82	Explore adding a Pickleball complex so that we can host professional tournaments. This will bring in large amounts of revenue for the city. Utilize vacant spaces that are just sitting doing nothing for us. Look at Naples Florida, and copy their model.	3/13/2020 3:53 AM

116	Don't be afraid to think globally when planning. Copying our neighboring cities just provides more of the same.	3/11/2020 10:13 AM
117	The small town feel is almost completely gone due to the building of apartments over single family homes. The apartments have increased the transient population which in turn has increased crime and traffic. The City's policies involving youth sports programs have forced residences to take their children elsewhere to participate in traditional American sports. For a City that promotes itself as being environmentally friendly our recycling program is terrible. I know that recycling is a global issue but we need to be part of the solution and not a contributor. I still love my City and I am glad that my children had the opportunity to enjoy the schools and sports programs while the City still had the small town feel.	3/11/2020 10:11 AM
118	Develop a vibrant main street that provides a entertainment, shopping, restaurant and business district that attracts people from across all of south Florida. Use the Casino as the anchor to main street and develop a partnership with the Tribe that promotes and funds top line entertainment (free concerts) to an outdoor covered amphitheater surrounded by a mix of uses where people can live, work and play.	3/11/2020 9:48 AM

151	Please focus on improving the police department. In recent months we encountered a few situations in our neighborhood when police where called and they were no help at all. This is a big change from what we saw and experienced about 10 years ago. The city looks like it needs a makeover. Winston Creek elementary looks as if it's an abandoned building. Please stop letting developers build rental units. These residents don't pay property taxes while they're using all of the resources. We are not building any new schools or other facilities to accommodate the influx of these rental residents, while the property taxes keep increasing. Try to rebrand the city a bit with a cleaner look and by attracting better quality businesses (not cheap extended stay motels). Bring back the glass recycling. We were told that the city does not have money to pay for it but it does have the funds to pay a private company to rinse our trash cans- ridiculous! Meanwhile the trash mountain is exploding in size in recent months. Please make our environment and resident safety a priority.	3/9/2020 12:56 PM
